	coverage:	4-5 m <sup>2</sup> /L with two coats (may vary depending on the	
		roughness, porosity and absorption of the surface, and on the	
		method of application)	
	Aesthetic effect:	matt with a silk effect	

as per catalogue 1 L / 2.5 L / 5 L

3-4 hours at 20 °C

<b>CHARACTERISTICS</b>			
AND RESISTANCE:			

<u>Eì</u> PH **hard-dry:** 24 hours at 20 °C SETAVEL is a water-based decorative paint for interiors, which stands out for its matt, silk-effect finish, which is soft to the touch. It gives rooms an understated, contemporary elegance by imbuing surfaces with a delicate, refined sense of movement. It is moderately washable from 15 days after application, by wiping gently with a soft, dampened sponge to avoid marks or discolouration. Upon complete hardening, a breathable film is formed which provides good resistance against normal abrasion.

	VOC in the ready-for-use product	Directive 2004/42/CE	max. 1.3 g/L (EU limit 200 g/L) Cat. A/l	VOC

## PREPARATION OF THE SUPPORT SURFACE:

Make sure that the surface is suitably firm, removing any impurities such as: dust, wax, grease, silicone, soap, and anything else that may prevent adherence. Remove any old paint if loose and flaky and wash with a suitable soap product. Afterwards, carry out any plaster filling which may be necessary and, once dry, proceed to apply the PRIMART 800 using a wool roller, paint brush or sprayer. After 6 hours at 20 °C, proceed to apply SETAVEL.
